

The background of the slide is a light-colored, marbled surface, possibly marble or a similar material, with subtle, flowing veins in shades of grey and white. A prominent, thick, curved line, resembling a piece of wood or a smooth, curved object, sweeps across the upper left portion of the frame, adding a sense of organic movement and depth to the composition.

The Art & Science of Personalized Beauty

Our Centers of Excellence: A Dedication to Specialized Craft

We have refined our practice into distinct centers, each focusing on a specific area of aesthetic artistry. This allows for unparalleled depth of expertise and a truly bespoke approach to your goals.

Facial Architecture

The art of balance and proportion.

Expressive Artistry

Revealing the beauty of the eyes.

The Art of Rejuvenation

Restoring youthful vitality.

Contour & Refinement

Sculpting delicate facial and body features.

The Non-Surgical Atelier

Advanced skincare and injectables.

The Diva Aesthetic

Signature post-operative and holistic care.

Facial Architecture: Rhinoplasty

We approach rhinoplasty as a delicate balance of form and function, creating a nose that is in perfect harmony with your entire facial structure. Our focus is on creating natural, lasting results.

Custom Rhinoplasty (맞춤코성형):

Our signature procedure, fully tailored to your anatomy and aesthetic goals.

Bulbous Nose Correction (복코수술):

Refining the nasal tip for a more elegant profile.

Revision Rhinoplasty (코재수술):

Expertly correcting and improving upon previous surgeries.

Autologous Tissue Rhinoplasty (자가조직코성형):

Utilizing your own tissue for the most natural and safe results.

Male Rhinoplasty (남자코성형):

Procedures designed specifically to enhance masculine facial features.

Expressive Artistry: Eyes

The eyes are the focal point of expression. Our procedures are designed to brighten, define, and rejuvenate the eye area while preserving your unique character.

Custom Eyelid Surgery (맞춤눈성형): Bespoke solutions for double eyelids, monolids, and overall eye shape.

Image-Defining Ptosis Correction (이미지눈매교정): More than just a medical correction; this procedure refines the gaze for a clearer, more vibrant expression.

Canthoplasty (트임성형): Skillfully widening the eyes for a more open and inviting look.

Revision Eyelid Surgery (눈재수술): Addressing unsatisfactory results from prior procedures with precision.

Dark Circles & Under-Eye Fat (다크서클&눈밑지방): A comprehensive approach to treating tired-looking eyes by repositioning fat and improving texture.

The Art of Rejuvenation

Our rejuvenation philosophy is not about turning back time, but about gracefully restoring your natural vitality. We use a combination of surgical and non-surgical techniques to lift, volumize, and refresh your appearance.

Diva Facelift (디바거상술): Our signature facelift technique for a comprehensive and natural-looking lift.

Upper & Lower Blepharoplasty (상안검수술/하안검수술): Correcting drooping upper eyelids and under-eye bags for a refreshed, alert look.

Fat Grafting (지방이식): Restoring youthful volume to the face, including specialized treatment for **Sunken Eyes (꺼진눈 지방이식)**.

Thread Lift (실리프팅): A minimally invasive option for lifting and tightening sagging skin.

Contour & Refinement

True artistry is found in the details. We offer a suite of specialized procedures to refine the delicate contours of the face and body, achieving a harmonious overall aesthetic.
